

Matzel Manufacturing Inc.  
Innovative Machining Assembly & Design

*NEW Innovation  
to better serve our  
valued customers*

## 20 PALLET HORIZONTAL MACHINING CENTER

### *Flexible Machining System*

- Minimize Set-Ups
- Maximize Production
- Real Time Scheduling

### *Small Quantity Production Runs*

- Shorter Lead Times
- Reduced Costs

### *About This Innovative Work Flow System*

- (3) 550mm size Horizontal Machining Centers with 50 taper thru the tool coolant spindles
- Rail Guided Vehicle (RGV) transfers 20 pallets
- 2 Loading Stations
- Cell Controller with state-of-the-art software

**Matzel Manufacturing Inc.**  
Innovative Machining Assembly & Design

# FLEXIBLE MACHINING SYSTEM

This innovative **Work Flow System** incorporates **Lean Manufacturing Techniques** that are based on **Just In Time** production strategies. The implementation of this system results in:

- streamlined production
- improved product quality
- increased productivity
- reduced turn-around time
- reduced in-process inventory
- lower costs

## **COMPLETE MACHINING CAPABILITIES**

*Specializing in the Machining of Complex Castings and Forgings*

**Matzel Manufacturing, Inc.**

9001 W Flagg Avenue • Milwaukee, WI 53225
